KITA ∞ MARU

STYLE +PLUS

Kitayama Maruta (Kitayama timber) has been preserved and passed down for 600 years in Kyoto and is collaborating with traditional urushi-nuri (lacquer coating/painting) to create luxurious interior design.

KITA ∞ MARU URUSHI series

KITA ∞ MARU MUKU series

STYLE+PLUS is a Kyoto-born brand for interior design that integrates materials with tradition, technologies, and people. "KITA ∞ MARU" is the product that inspired Kitayama Maruta (the industrial powerhouse with 600 years of history in Kyoto) to enter the world of interior designs. The timber at Kitayama Maruta takes 30 years, including the plantation process, to become a beautiful and exclusive work of art. "KITA ∞ MARU URUSHI" is a unique idea, which was born when Kitayama Maruta met Makino Urushi Kogei's (Makino Lacquer Crafts Co., Ltd.) urushi-nuri – their lacquer coating technique is known for their restoration of cultural properties such as Kinkaku-ji Temple.

Production Schedule

How to handle the products/Precautions for use

KITA ∞ MARU URUSHI series

- Rough handling of the products may cause urushi-nuri to come off.
- Avoid leaving the product in direct sunlight, even when indoors.
- Avoid leaving any wet stains on the product for an extended period of time. Gently wipe any wet excess with a soft fabric.
- Gently wipe the product with a soft fabric to avoid it being covered by dust.
- Colour may vary as natural urushi (lacquer) is being used.
- Takes roughly 3 months to be delivered.
- Personalised designs will try to meet the customer's expectation as much as possible through consultation.

KITA ∞ MARU MUKU series

- Staining may occur over time as it is not coated with urushi.
- As it is made of solid wood, natural cracks and warps may occur over time.
- Takes roughly 1 month to be delivered.
- Personalised designs will try to meet the customer's expectation as much as possible through consultation.
